

HALF-SQUARE TRIANGLE PAPER TIPS & TRICKS

- ★ USE PRIMITIVE GATHERINGS TRIANGLE PAPER! It's a game changer!
- ★ Use a sharp blade for better accuracy and increased safety!
- ★ Make sure your light source is adequate for accurate cutting.
- ★ Cut 5" squares in multiples if you can.
- ★ Don't try and cut everything all at once! Cut in batches allowing yourself breaks in between.
- ★ Use smaller, more manageable rulers.
- ★ Use a rotating cut mat if possible.
- ★ Use an endurance blade for longer lasting blades, and the ability to cut in multiple layers.
