

# Unity

2025

*We're in this together!*

# Welcome to our **Unity QAL!**

I am so glad you have joined us in this year long adventure!

*So lets get started...*

## **Here are some of the details ~**

52 weeks total

The first 8 weeks (or until background comes in) we will only be stitching HSTs then when background comes in we can start making blocks!

We will need a total of 445 dark 5" squares and 445 light 5" squares. The darks can be all ranges of colors for a scrappy quilt. The lights should be cream or light tan and light greys, so they may be a medium as well to give the quilt a little something different. We will be stitching 9 sets of 8 HSTs every week.

In your monthly subscription you will receive 4 weeks at a time, in 12 shipments. This means you will get 36 lights and 36 darks each month.

You will need 8 total packs of 1" Charm Triangle paper. You do not have to purchase them all at once, remember this is a year long project. Please know that these must be first generation print outs, meaning if you copy them on a copier they will distort and not be the right size.

We do recommend starching your fabrics, you will have enough with a 5" charm to starch. Please note that the fabrics that you will receive from us will vary from 5" x 5" up to 6" x 6", all of them are large enough to starch.

We will be releasing Youtube videos for each part of the instructions. Go to **Stitch with Lisa Bongean** and Subscribe. We also will talk a lot about it on my weekly "lives" and in **Stitch with Lisa Bongean Facebook** group, where you can ask questions and get help.

There will be weekly prizes given out to those who show their "weekly quota" of triangles on our Facebook group.

We will pick a grand prize winner at the end of the year when the quilts will be completed. You will receive a \$250 Gift Card/Credit on your account.

I know in life things happen, so remember that this is a year long adventure. You will be able to stitch ahead at times, and if you fall behind you should be able to "catch up" when you have more time. But you do need to make this a priority if you want to finish it! We will have a binder cover for your pattern and will have a progress sheet also available soon for you to track your progress.

So all for now...we will be stitching soon!

*Lisa*
